MUNICIPALITY TO OWN WATERWORKS

Vote on Bond Issue Three to One Affirmatively.

TRAINMASTER McCARTY ILL

Three-Year-Old Child Is Seriously Hurt In a Runaway.

Ogden, Sept. 2.—By a vote of more than two to one, the taxpayers of Ogden voted yesterday for the purchase of the waterworks. With a majority of 551, the question of the city issuing bonds in the amount of \$450,000 was carried.

The fourth ward gave the question the largest favorable vote, but all the other wards were in line by a large majority. The vote was almost three to one in favor of the bonds, while in all the other wards it was more than two to one against.

The result is the second victory that the progressive and public-spirited citizens of Ogden have achieved within two months. The first was the voting for \$5,000 with which to build a new high school on a piece of property given the city by Mr. and Mrs. Fred J. Kiesel. The other victory is this, the initial step towards municipal ownership of public utilities.

By the contract which the city has made with the Ogden Waterworks company, the city is to pay the company the sum of \$155,400 for its holdings, which is at the rate of \$70 per share. The city is then to take up the outstanding bonds of the company by issuing new bonds in their stead.

The matter of drawing up the necessary papers for the advertising of the sale of the bonds will probably be done by the city council at its Monday night session.

Expressions of satisfaction were heard from every locality last evening over the result of the bond election. The vote is as follows:

| | For. | Against. | Total. |
|------------------|------|----------|--------|
| First ward..... | 123 | 61 | 184 |
| Second ward..... | 78 | 39 | 117 |
| Third ward..... | 110 | 32 | 142 |
| Fourth ward..... | 173 | 58 | 231 |
| Fifth ward..... | 155 | 83 | 238 |
| Total..... | 645 | 294 | 939 |

CONDITIONS A MENACE.

The continued carelessness of boys driving delivery wagons is being felt more and more in the city each day. In May and June, there were numerous arrests and some fines assessed against boys who drove teams over the street crossings at a high rate of speed. But lately the law seems to be completely ignored and hardly a day passes but one can see a team or automobile dash across street intersections at a rate of speed that is in violation of the ordinance.

Only once this summer has there been arrests of autoists for the violation of the speed law. At that time the chauffeurs were allowed to go with a slight reprimand by Judge Murphy of the police court.

Another violation that is noted is the leaving of teams unattended along Washington avenue and Twenty-fifth street, as well as the blocking up of the street with delivery wagons backed up to the curb. These conditions might easily result in loss of life and property on a night when the streets are crowded and a run is made by the fire department, or a runaway occurs. When the fire department makes a run on one of the main streets, it requires an expert driver to guide the team down the street and avoid the delivery wagons backed up against the curb, with car tracks about eight feet from the heads of the horses.

son of Mr. and Mrs. J. T. Lynch, residing at 2525 Madison avenue, narrowly escaped serious injury by being knocked down by a runaway delivery wagon belonging to the T. B. Evans company. As quickly as possible, the lad was taken to his home and attended by Dr. A. S. Condon. It was announced last evening that the injury, while very painful, will prove fatal.

SUIT IN INTERVENTION

The Shupe-Williams Candy company, by its attorney, Valentine Gideon, filed a complaint in intervention in the district court yesterday afternoon, in the action instituted some time ago by J. H. Kurtz, as trustee against the Ogden Canyon Sanitarium company and

others. The intervenor asserts that a bill of goods was sold by it to the Sanitarium company some time ago on the representations by the then president and manager, J. H. Kurtz, that the Sanitarium company was a solvent institution. The candy company asserts that it later developed that these representations were false. That the Sanitarium company was utterly insolvent at the time the purchase was made, and that its president and general manager was aware of the fact. The intervenor asks the court to declare the trust deed which J. H. Kurtz is attempting to foreclose null and void of no effect.
